Limit switches
# For applications and solutions that make sense

ABB offers a full range of limit switches from safety to miniature for both plastic and metal casing designs. With 28 different operating head options, ABB has one of the widest ranges of limit switches in the market.

Robust **quality**
Reliability

Sleek design with durable quality
— Immune to electromagnetic interference; suitable for welding applications
— Positive opening contacts
— Shock and vibration resistant

Improve **installation**
Efficiency

Fitting your application
— Our mini line allows for mounting in tight spaces
— Pre-wired available to save time and labor
— Multiple head configurations for ease of use and fitting to an array of applications
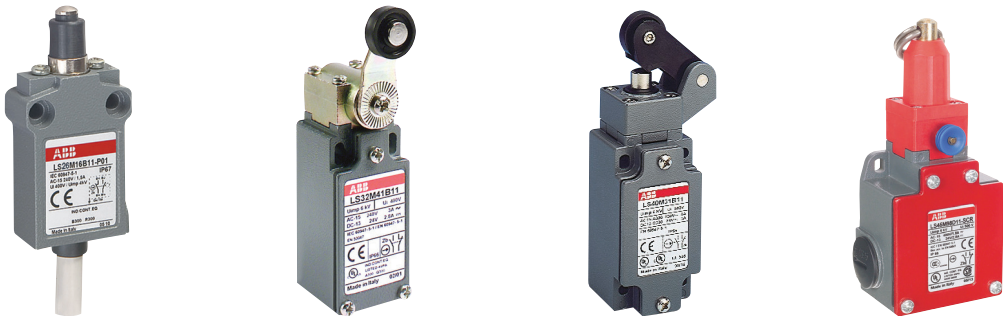

Increase **application**
Productivity

Designed for any application
— ABB's Metal Casing (Industrial) offers 26 standard operating heads
— ABB's Plastic Casing (Economical) offers 28 standard operating heads
— ABB's Mini switches (Compact) offer 16 standard operating heads
— ABB's Safety switches offer 4 standard operating heads
