**Note that communication interface modules and GSDML file versions now support PROFINET standard diagnosis.**

GSDML files (1SAP...) for various AC500 PROFINET IO device communication interface modules can be downloaded from the ABB library or website [www.abb.com/plc](http://www.abb.com/plc).

The file „[1SAP192700R0230\\_2017.zip](#)“ contains:
