

Optimization Services

One FREE week of optimization service

Are you currently working to make improvements to your process? Have a project that requires advanced optimization expertise?

9AKK106103A4685

For a limited time, receive 1 **free** week of Optimization Service implementation with the purchase of one of the following ABB Optimization Service Fingerprints:

- [Paper Machine Fingerprint](#)
- [Profile Grade Performance Fingerprint](#)
- [Remote Machine Direction Transition Fingerprint \(requires ABB Remote Access Platform service\)](#)

Implementation services, bundled with an ABB Optimization Services Fingerprint, provide the industry, process and system expertise to implement recommended changes and improvements provided by the Fingerprint.

Immediate implementation provides an immediate return on the investment for the Optimization Fingerprint focus areas.

How to take advantage of this limited time offer

- Contact your Service Account Manager
- For your Service Account Manager contact information, contact the [Customer Contact Center](#)
Tel: 1 800 435 7365
E-mail: contact.center@us.abb.com

Offer valid only for US based customers. Machine Direction Transition Fingerprint requires ABB Remote Access Platform.
