

Training Schedule – 2015

Process Analytical Solutions Training Services

Choose from instructor-led scheduled training, custom on-site classes by appointment or self-paced e-learning. Scheduled training lasts from two to four days depending on the class type, at a cost of \$1,900 per student. Classes are limited to six students, with a minimum of four students required to hold the class. Custom classes by appointment are four days and cost \$2,100 per student plus T&L*. Classes by appointment are for up to six students and require at least two students in order to hold the class.

For self-paced e-learning and to enroll in instructor led courses, please log on to:
