

# Parts Exchange Service

## Exchange for a refurbished part at the same low price of a repair

**Economical:** Refurbished parts reduce maintenance budget spending and return shipping is prepaid with ABB 'Repair in a box'.

**Like new:** Firmware updates, preventive maintenance, and engineering changes make parts like new. ISO 9001 quality assured.

**Fast service:** Refurbished parts are available, and can be shipped same day for orders received by 4:00 pm Eastern.

**World class warranty:** Refurbished parts are backed by a world class 30 month warranty, a longer period than repairs.

	Repair service	Exchange for refurbished
