

ABB ARGUS Collecting Computer®

Current life cycle status

The ABB ARGUS Collection Computer is reaching the Limited phase on 01.07.2016 according to the ABB life cycle model outlined above.

Life cycle plan

It is planned to keep ARGUS in the Limited phase until the end of 2026, after which it will be transferred to Obsolete phase.

The ABB life cycle management model is designed to manage an orderly transition to new replacement products or to choose from various lifetime extending services. At the same time the model ensures access to continuing support for our customers.

Recommended actions

During the period until 30.06.2016 we offer a last time buy of ARGUS products – price and conditions according to our ARGUS product catalogue.
