

Course description

G1079e

ACS880 PROFIBUS configuration, Internet course

Course type

Internet course

Course Duration

The course duration is approximately 40 minutes.

Course Goal

The goal of this course is to give an overview of ACS880 PROFIBUS configuration

Student Profile

This course is intended for customers, partners, engineering, commissioning and technical support personnel.

Prerequisites

- n An Internet connection. The recommended browser is Microsoft Internet Explorer.
- n Basic knowledge of Fieldbus and PROFIBUS

Notes

If you have no experience of working with drives, it is highly recommended to take a hands-on course in addition to this course, to be able to utilize the drive to its full potential

Course Objectives

Upon completion of this course, students will be able to:

- n Select the connector for the adapter
- n Map the node IDs
- n Select the correct profile
- n Troubleshoot problems

Main Topics

- n ACS880 supported profiles
- n Help functions
- n Installation
- n Set-up
- n Universal connectivity

Low voltage drives training
