Important information for the installer of the Nexus router HXSROUT and HXSROUT/2

Should this Nexus router, type HXSROUT or HXSROUT/2, be intended for installation as a replacement for the superseded NXSROUT or NXSROUT/2 versions, then:

Please contact a Nexus technical specialist at ABB service department on **1800 60 20 20**, for guidance on the steps that must be followed to successfully deploy this device.
