

# Operation and Maintenance courses - excitation systems

## Training Schedule - 2017

**ABB Office:** Montréal, Quebec

### Why attend?

#### Learn.

Take part in our technical trainings (theoretical and hands-on) taught by one of our engineering specialists in a small group environment.

#### Succeed.

Bring back information, troubleshooting and maintenance techniques and use them immediately to improve your technical skills.

#### Connect.

Meet and network with other power plant operation and maintenance personnel.

You won't want to miss this must attend event! For more information contact your service representative today!
