

SPARES AND CONSUMABLES

Great 800xA parts sales event

Save on quality refurbished spares

Savings up to 50% on select refurbished parts for System 800xA makes this event "GR8".

— Other terms and conditions may apply. Offer availability, terms and conditions may be modified without notice. See following pages for complete list of parts.

Refurbished parts do more than help you save on cost:

- Firmware updates, preventive maintenance, and engineering changes make these parts like new. ISO 9001 quality assured.
- Many parts can be shipped same day for orders received by 4:00 pm Eastern.
- Refurbished parts are backed by a world class **30 month warranty**, a longer period than repairs.

System 800xA Refurbished Parts

ABB certified refurbished parts meet original and current specifications, and there is no need to return used parts to ABB.

Don't "HESIT8!"

Offer is good while supplies last, but ABB has many cores that can be quickly refurbished. See the following pages for specific part description and discount. Offer will end July 15, 2017.

Click or call to order

- Call: **1 800 HELP 365** (800 4357 365) option 2, option 2
- Click: ABB Business Online at **online.abb.com**
 - Enter code **DOMN8** in the price agreement field
 - OR reference on PO to receive discount
