

## Course description

# G3848e

## ACS880 multidrives technical details, Internet course

### Course type

Internet course

### Course Duration

The course duration is approximately 20 minutes.

### Course Goal

The goal of this course is to give an overview of the technical details of ACS880 multidrives.

### Student Profile

This course is intended for customers, partners, ABB service and technical support personnel.

### Prerequisites

- n G371e\_v2 - All-compatible industrial drives, ACS880 series offering, Internet course – EN
- n An Internet connection. The recommended browser is Microsoft Internet Explorer.

### Notes

If you have no experience of working with drives, it is highly recommended to take a hands-on course in addition to this course, to be able to utilize the drive to its full potential.

### Course Objectives

Upon completion of this course, students will be able to:

- n Describe the hardware ratings of the ACS880 multidrives
- n Describe the standard design of the ACS880 multidrives
- n List ACS880 multidrives common options

### Main Topics

- n Diode supply modules
- n D8D cabinet
- n IGBT supply unit
- n Supply unit options
- n Inverter modules and options
- n Common options

### Low voltage drives training
