

Statement

Declaration regarding the REACH - Regulation

With reference to the Regulation (EC) N° 1907/2006, issued by the European Union for the Registration, Evaluation, Authorization and Restriction of Chemicals (REACH), please be aware that:

- during normal and reasonably foreseeable conditions of use, products and related accessories manufactured by *ABB Control Products* do not intentionally release any substance or preparation;
- *ABB Control Products* continuously assesses its products for content of Substances of Very High Concern (SVHC), as included in the "Candidate List" by the European Chemicals Agency (ECHA);
- *ABB Control Products* continuously undertakes communications throughout its supply chain in order to collect information about suppliers' compliance with REACH Regulation.

Products and related accessories manufactured by ABB Control Products do not contain substances included in the latest "Candidates for Authorization List" (Substances of Very High Concern, also known as SVHC's) published and updated by ECHA (27 June 2108 – 191 substances) in a concentration above 0,1% w/w.

With regard to Annex XVII, we declare that our products do not contain any substance or a group of substances or a substance in a mixture outside of allowable usage and concentrations.
