

## PRODUCT LIFE CYCLE STATEMENT

# NextMove ESB-2

The ABB life cycle management model is designed to manage an orderly transition to new replacement products or to choose from various lifetime extending services. At the same time the model ensures access to continuing support for our customers.

**Active**

**Classic**

**Limited**

**Obsolete**

**Full range of life cycle services and support**

**Limited range of life cycle services and support**

**Replacement and end-of-life services**

### Current life cycle status

The NextMove ESB-2 motion controller is in the Active phase, according to the ABB life cycle model outlined above.

### Life cycle plan

The NextMove ESB-2 motion controller will be phased out according to the following plan:

Date	Life cycle phase
Until 31.01.2019	Active
01.02.2019 – 31.01.2021	Limited
From 01.02.2021	Obsolete

### Product availability

Last opportunity for sales orders will be in accordance with the schedule date below:

Product	Last orders	Last delivery
NextMove ESB-2	31.01.2019	During 2019

### Recommended actions

There is no direct replacement to NextMove series controllers. Please work your local sales and support team for migration advice.
