### **Intelligent design: compact, convenient, connected**

- Space-savings with easy-to-install design
- User-friendly interface for convenient charging
- Broad range of connectivity options

### **Future-proof: ROI maximized**

- Fully compatible with current and future EVs
- Remote software updates
- Smart functionality means optimized and cost-efficient charging

### **Safety: built-in protection**

- Evaluated and tested to the highest independent standards
- Safe for use in residential settings
- Integrated ground-fault and trip protection
