

## **Production Approval Form**

To:	Mr. Sandeep Parate
Company:	Emerson Automation Solutions – Plant Web Technology Test Services
Address:	Rajiv Gandhi Infotech Park, Hinjewadi Phase-II, Pune-411057, Maharashtra, India
Email:	DeltaVFFDeviceQualification@emerson.com
Subject:	DeltaV 11.3-14.3 AMS 11.5-14.0 'Production' Approval Notification

From: Bhuvan Bhoot	Fax#1:
Company: ABB	Fax#2:
	Phone:
<b>Date:</b> June 02,2019	Email: bhuvan.bhoot@in.abb.com

We cannot release your device's Device Description / Resource File / Merge Files to DeltaV/AMS 'Production' without this approval. Note that in this form 'Production' means that these files will be put on the Emerson DD Download site, and included in the next DeltaV and AMS Device Manager product release.

Completion of this form with an indication of 'YES' in the column 'Approved for DeltaV 11.3-14.3 AMS 11.5-14.0 Production', for all applicable devices, indicates that for those Device Description / Resource / Merge Files:

- the development process, associated with those files, has been successfully completed relative to the process requested by DeltaV/AMS development.
- the development process, associated with those files, has been successfully completed relative to the quality standards of the Field Device developer's company.
- are ready for release to a production environment.

Completion of this form with an indication of 'YES' in the column 'Map Files Approved for AMS Calibration Management' for all applicable devices indicates that for those Device Description / Resource / Merge Files:

- have been successfully tested when used with the AMS Calibration Management utility. - are ready for release to a production environment.

Note - If 'NO' Calibration Management will be done using a generic Map File. Also, generic export data will still use your device's Map file.

Name of Field Device representative approving:
